Annual General Meeting 2010
Celebrating Partnerships

The Access Centre for Regulated Employment www.accesscentre.ca provides information and application assistance to internationally trained individuals seeking licensure or related employment in Ontario's regulated professions.

Serving all of Southwestern Ontario, the Access Centre assists clients in understanding and navigating the often complex processes of Ontario's regulatory bodies. As each regulated profession has its own process for obtaining licensure, our staff helps clients navigate the regulator's process to avoid costly and time-consuming errors.

Rod Cameron will chair the council that will set up the new Ontario College of Skilled Trades. [Read more](#)

Congratulations to Rod!
